Eric,

I would like to take this opportunity to compliment you and your company on the excellent job you did during our recent move to Riverport.

Ours was an extremely difficult move, involving approximately one hundred and fifty large machine tools. Your input and constant involvement helped insure a minimum of downtime for our company, and in spite of various logistical challenges and occasional timing changes, you managed to complete the job ahead of schedule and under budget. Our special thanks to all of your personnel associated with this job for their outstanding rigging skills, patience, and "Can do!" attitudes.

Atlas Machine has done business with your firm for many years, and we expect to continue for many years to come. Thanks again!

Sincerely,
