#### To Whom It May Concern:

As the lead Project Manager for a large company producing custom-built equipment and tobacco machinery, I have had the pleasure of working with Adkins Export Packing for many years. Everything from small, single-item crates to five (5) completely crated and containerized tobacco-processing plants, Adkins has handled with extreme care and professionalism. Their crating skills and ability to service the customer are second to none. I have worked with many different crating and export companies during my career, but always seem to return to who I consider to be the best in the business. I enjoy dealing with the employees of Adkins, and have been treated with nothing but respect and courtesy.

Adkins has helped me ship crates and containers all over the world, from Mexico to Indonesia and the Philippines. A large amount of our business goes into the People's Republic of China, into provinces such as Yunnan, Guizhou, Fujian, Sichuan, Shaanxi, and Hubei. Adkins has continued to provide support and guidance, and keeps current to any local customs, laws, and regulations.

I think you would be doing yourself a great service to use Adkins for any crating or containerization needs.

For any additional information, please feel free to call me at the above telephone number.

Regards,

Chris Budniak  
 Project Manager  
 Griffin & Company, Inc.
